

REPORT on EVANGELISM

Mark 16:15 NIV commands us to “Go into all the world and preach the good news to all creation.”

Evangelism involves preaching and teaching about Jesus the Christ. Those who are spreading “Good News” are called Evangelist. Some Christians feel that they should take the charge of evangelizing as it serves to provide the “Joy of the Lord.” Others may feel that, they may be a strong influencer in directing someone to accept Christ in their life.

The central focus of Evangelism is to present to some that have not heard/ nor accepted the gospel of Jesus Christ. While some have heard of the awesome, enriching and powerful effects of serving the Lord, others may not have experienced the change for God in their life.

Although, some of us may have the opportunity to serve in a mega church, others have not. That should not deter us from showing our love for Christ, but commit to evangelizing and witnessing for Christ. After all we don’t have to be a superstar or star athlete to tell others about the life-long benefits of serving the Lord.

Presently, God has provided us with the means to reach the masses. That platform is the use of Technology. God’s word is being delivered by means of Zoom, WebEx, Cisco, Facebook, Instagram, Tele Conferencing, and Skype, just to name a few. These means do not diminish our avenue of communicating the goodness of God, but should enhance and entice the interest level of others.

The Musical Selections are not by the Sanctuary Choir or Mass Choir but by recorded musical interludes. The Ministry in Giving (Tithes & Offerings) in some cases has increased tremendously. In most cases our regular way of worship has changed drastically. But this should not deter us in spreading the Gospel of Jesus Christ.

So COVID-19 has forced us to closely examine ourselves and our relationship with God. Even though (some) Pastors cannot serve their congregants in the physical state, they are able to

reach outside of their membership and attract others through the platform of technology.

As Believers in Jesus Christ we must continue to preserve through these turbulent times and continue to have faith, pray continually and witness for Jesus Christ.

Matthew 24:35 NLT "Heaven and earth will disappear, but my words will never disappear."
